

# Bit torrent-download function

Refer to the networking setup section to setup the network, and memorize the IP Address of the device. For BT downloading, the network must pass through the Internet.

Open the web browser and enter the IP Address of the device.

Click the button "Setting" to setup the storage for downloading and then click "Add new torrent" button to add the torrent file.

A screenshot of the BT Player interface. At the top, there is a control bar with buttons: Start, Stop, Delete, Refresh, a green download arrow, a green upload arrow, Setting, and Add new torrent. Below this is a table with columns: No, Torrent file name, Size(MB), Priority, Percent, Peers, and Speed(kB/s). The table contains one entry: No. 1, AVCHD-DVD1, 4405.44 MB, Priority 1, 0% progress, 1 peer, and 2.41 kB/s speed. Below the table is a "Detail" section for the selected torrent, showing: Priority: 1, File name: AVCHD-DVD1, Status: downloading, Current size/File size: 0.09M/4405.44M, Time left: 1425:43:19, Storage Path: /tmp/usbmounts/sdb1, Disk Free Space: 64316MB, and Upload rate: 0.00 kB/s. A "Refresh" button is located at the bottom of the detail section.

## Setting

Enter this page to select the storage, data rate and etc.

Options:

**Storage:** Choose the storage in the dropdown box to save the downloaded file.

**Rate:** Select the maximum data rate for download and upload. The maximum data rate for downloading is 25 KB/s and 10 KB/s for uploading.

**Seed Setting:** Delete or keep the torrent file automatically after downloading completed.

**Simultaneous setting:** Choose the maximum downloading tasks number in the dropdown box. The maximum number is 3.

**Buttons:** Save Setting: Click it to save the setting.

Return: Click it to return the main page.

Default: Click it to reset all settings to the default value.

## Add new torrent

Choose torrent file from PC. Browse and find the \*.torrent file to upload.

Then click “Yes” to confirm the file. To discard the selection of the file, click “No” to return to the main page.

## Main page

In the main page, you can see the download status and manage the BT download.
